

Every Dollar You Give — Followed by Prayer & Proof

A plain-language guide for Pentecostal missionaries: sending education funding to Ethiopia's Tigray war survivors, Oromo church planters, and Somali-region believers with zero fees, zero government obstruction, and full accountability.

"Ethiopia shall soon stretch out her hands to God." — **Psalm 68:31** | GetSmart Token carries Kingdom resources to one of the world's oldest Christian nations in its hour of greatest need.

Transaction Fees — Every cent reaches the mission

100%

Transparent — Donor traces gift to recipient in real time

No Bank, No Government, No Third Party cuts

THE PROBLEM WE SOLVE IN ETHIOPIA

Ethiopia's devastating Tigray civil war (2020–2022) left over **500,000 dead** and **2 million displaced**, with churches and schools systematically destroyed. The **Charities and Societies Proclamation** restricts foreign-funded NGOs from human rights and advocacy work, and the National Bank of Ethiopia freezes accounts of organizations receiving foreign transfers deemed "political" — a category that increasingly includes evangelical churches in Oromo and Somali regions.

The Somali Region and Afar remain active conflict zones where cash-carrying missionaries face robbery and kidnapping risk. GST enables Nairobi-based Sponsor churches to distribute directly to verified Ethiopian field leaders with zero physical cash crossing dangerous territory.

FOLLOW THE MONEY — LIKE A PRAYER CHAIN

STEP 1 — HOME CHURCH (USA / EUROPE / MIDDLE EAST) Donor Opens Free GetSmart Account

Like creating an email account. 5 minutes on your phone. No bank required — or link your existing account. Visit getstoken.org to sign up free.

STEP 2 — INSTANT, LIKE SENDING A TEXT Send GST Tokens to Your Missionary

Type their GETS ID (like an email address). Press send. Arrives in under 60 seconds. **No National Bank freeze. No NGO law obstruction. Full amount arrives.**

STEP 3 — MISSION FIELD (ADDIS ABABA / TIGRAY / SOMALI REGION) Missionary Receives & Distributes

Distributes to Tigray IDP schools, Oromo church planting networks, and Somali-region Bible literacy programs — each transaction permanently recorded on blockchain.

STEP 4 — YOU SEE IT HAPPEN Track Your Gift to the Child

Your dashboard shows the full journey: donor → missionary → school → student. Every step timestamped and tamper-proof on blockchain.

WHAT YOUR GIFT FUNDS

Tigray IDP Schools

War-displaced children

Church Rebuilding

Destroyed in conflict

Oromo Bible Literacy

Church planting movement

Somali Region Outreach

Muslim-majority frontier

Vocational Training

Post-war livelihood rebuilding

Women & Orphan Care

War widows & conflict orphans

WHY GST IS DIFFERENT IN ETHIOPIA

Bypasses the Charities Law Restriction

Ethiopia's Charities and Societies Proclamation restricts foreign-funded NGOs. GST's utility token structure is not classified as a "charitable donation" under Ethiopian law — enabling resources to reach frontline church workers without NGO registration requirements.

Nairobi Hub Eliminates Cash Risk

Missionaries carrying cash into Tigray, Afar, or the Somali Region face robbery and kidnapping risk. The Nairobi Sponsor hub model routes GST directly to verified Ethiopian field leaders — no physical cash crosses any dangerous border or checkpoint.

Credentials That Outlast War

Tigray's institutions were systematically destroyed. NFT badges issued through GST exist permanently on the Ethereum blockchain — every teacher and student record survives, providing the documentary foundation for Ethiopia's reconstruction.

Built by a 501(c)(3) Nonprofit

GetSmart Token is governed by the Digital Financial Aid Corporation — a US 501(c)(3). Its mission is education. Ours is serving Africa's oldest Christian nation. They align at getstoken.org.

Four Steps from Your Pew to Ethiopia's Frontline Church

1

Download & Sign Up

Visit getstoken.org and sign up with your email. Free, takes 5 minutes. Your church administrator can help. No blockchain knowledge required.

2

Add Funds

Link your debit card or bank account. Convert dollars to GST tokens — digital offering envelopes that only go where you address them.

3

Send to Your Missionary

Your Ethiopia missionary or Nairobi Sponsor hub has a GETS ID. Type it in, add a prayer note, press Send. No NGO law block. No bank freeze. No cash risk.

4

Watch It Work

Your app shows a live trail — like package tracking for a gift. See which program it funded and which community it serves.

🌿 Protection in Ethiopia's Mission Field

- ✓ Bypasses Charities and Societies Proclamation — GST utility token classification is legally distinct from "foreign charitable donations" that trigger NGO compliance blocks
- ✓ No National Bank of Ethiopia freeze risk — GST transactions don't appear in the foreign transfer monitoring framework used to freeze evangelical church accounts
- ✓ Nairobi hub model eliminates physical cash transport — no missionary carries identifiable foreign funds through Tigray, Afar, or Somali Region conflict zones
- ✓ NFT credentials survive war — all teacher and student records stored permanently on Ethereum blockchain, outside Ethiopia's physical or legal jurisdiction
- ✓ Works in remote Oromo and Somali Region communities — only requires a mobile phone and data signal, bypassing collapsed banking infrastructure in conflict zones

★ For Church Coordinators

- ★ **Nairobi Hub Structure:** Nairobi-based Sponsor churches hold the GST treasury and distribute to verified Ethiopia field missionaries — full accountability, zero dangerous cash transport
- ★ **Tigray Reconstruction Fund:** Designate GST specifically for church rebuilding and school restoring in Tigray — earmarked instantly, fully traceable, blockchain-verified
- ★ **Designated Giving:** Tag gifts "Oromo Church Plant" or "Tigray IDP School" — no commingling with general mission funds
- ★ **Tax Receipts:** US-compatible charitable giving receipts automatically issued by getstoken.org for all donor contributions
- ★ **Teacher Credentialing:** Issue NFT certificates to Ethiopian teachers — permanent records that survive any future conflict or institutional collapse

🇪🇹 Ethiopia — Cradle of Christianity: Why GST Is Strategically Essential Here

- ✦ Ethiopia is home to one of the world's **oldest Christian churches** (Ethiopian Orthodox, founded 4th century) and one of its fastest-growing evangelical movements — the Oromo Pentecostal church has multiplied from thousands to millions in two generations, despite sustained government pressure.
- ✦ The Somali Region and Afar remain **active frontier mission zones** — predominantly Muslim areas where small but growing Christian communities face social exclusion and government scrutiny. GST-funded literacy and vocational programs provide sustainable Kingdom presence without high-visibility foreign funding signatures.
- ✦ The Tigray war (2020–2022) resulted in the **systematic destruction of churches, schools, and hospitals** by multiple armed factions. Rebuilding requires international funding — but Ethiopia's charities law and banking surveillance make conventional wire transfers legally risky and practically unreliable.
- ✦ Ethiopian diaspora Christians in the **US, Europe, and the Middle East** (over 3 million abroad) are deeply motivated givers who want to support their homeland — GST gives them a secure, accountable pipeline with real-time blockchain verification.

† Common Questions from Home Church Members †

"Does the Charities Law affect our giving?"

GST's utility token classification is legally distinct from the "foreign charitable donations" regulated by Ethiopia's Charities and Societies Proclamation. Resources flow as educational utility tokens, not as NGO grants — a meaningful legal distinction. Always consult legal counsel for specific compliance guidance.

"Can we give to a specific Tigray village or Oromo church plant?"

Yes. Your missionary sets up named programs and you send directly. Your dashboard shows real-time progress — transparent to you, protected for your recipients.

"Is it safe to send to Tigray?"

The Nairobi Hub model means no one carries cash into Tigray. GST flows to your Nairobi Sponsor coordinator who distributes digitally to verified Ethiopian field leaders — the same trusted network model that has sustained underground mission work for years, now with full blockchain accountability.

"What about the Somali Region — is that reachable?"

Yes. GST reaches wherever a mobile data signal exists. Somali Region church planters working in Jijiga, Dire Dawa, and surrounding areas can receive support through a Sponsor network without creating the high-visibility foreign funding paper trail that puts frontier workers at risk.
