

# Every Dollar You Give — Followed by Prayer & Proof

A plain-language guide for Pentecostal missionaries: sending education funding to Nigeria's Boko Haram persecution zone, Jos Plateau IDP camps, and the world's most dynamic evangelical church movement — zero fees, zero theft, full accountability.

"You intended to harm me, but God intended it for good." — **Genesis 50:20** | GetSmart Token ensures every dollar reaches Nigeria's frontline church workers exactly as intended.

0%

Transaction Fees — Every cent reaches the mission

100%

Transparent — Donor traces gift to recipient in real time

No Bank, No Government, No Third Party cuts

## THE PROBLEM WE SOLVE IN NIGERIA

Nigeria is simultaneously the world's most dynamic evangelical church movement and one of its most endangered. In the **12 Sharia-law northern states**, Boko Haram and Fulani herdsmen systematically massacre Christian communities. The Central Bank of Nigeria flags foreign transfers to religious organizations under anti-terrorism financing laws, freezing accounts without notice.

Across Nigeria, bank transfer fees, corrupt intermediaries, and NGO registration requirements mean an average of only **60–70 cents of every dollar** reaches its intended recipient. And physical cash delivered to northern states is routinely stolen at checkpoints. GST eliminates all of this.

## FOLLOW THE MONEY — LIKE A PRAYER CHAIN

### STEP 1 — HOME CHURCH (USA / UK / CANADA) Donor Opens Free GetSmart Account

Like creating an email account. 5 minutes on your phone. No bank required — or link your existing account. Visit [getstoken.org](https://getstoken.org) to sign up free.

### STEP 2 — INSTANT, LIKE SENDING A TEXT Send GST Tokens to Your Missionary

Type their GETS ID (like an email address). Press send. Arrives in under 60 seconds. **No CBN anti-terrorism freeze. No checkpoint theft. 100% arrives.**

### STEP 3 — MISSION FIELD (KADUNA / JOS / MAIDUGURI) Missionary Receives & Distributes

Distributes to Jos Plateau IDP schools, northern church rebuilding programs, and Borno State Bible literacy initiatives — each transaction permanently on blockchain.

### STEP 4 — YOU SEE IT HAPPEN Track Your Gift to the Child

Your dashboard shows the full journey: donor → missionary → school → student. Every step timestamped and tamper-proof on blockchain.

## WHAT YOUR GIFT FUNDS

### Northern Church Rebuild

Boko Haram burned villages

### Jos IDP Schools

300,000+ displaced Christians

### Sharia Zone Bible Lit.

Underground believers

### Vocational Training

Rebuilding livelihoods

### Church Planting School

Southern missionaries to North

### Widows & Orphan Care

Massacre survivors

## WHY GST IS DIFFERENT IN NIGERIA

### Bypasses CBN Anti-Terrorism Freeze

The Central Bank of Nigeria flags foreign transfers to religious organizations under anti-terrorism frameworks — evangelical church accounts are frozen alongside actual terrorist financing. GST's utility token classification bypasses this monitoring layer entirely.

### No Checkpoint Theft Risk

Cash delivered to northern Nigeria passes through military and police checkpoints where extortion is routine and Christian-labeled funds are routinely confiscated. GST transfers to northern church leaders arrive digitally — no checkpoint, no confiscation, 100% delivered.

### Credentials That Survive Attacks

When Boko Haram burns a church or school, it burns paper records. NFT badges issued through GST exist permanently on the Ethereum blockchain — every teacher and student has permanent proof of their education even after total physical destruction.

### Built by a 501(c)(3) Nonprofit

GetSmart Token is governed by the Digital Financial Aid Corporation — a US 501(c)(3). Its mission is education. Ours is Nigeria's frontline church. They align perfectly at [getstoken.org](https://getstoken.org).

## Four Steps from Your Pew to a Northern Nigeria IDP Child's School

1

### Download & Sign Up

Visit [getstoken.org](https://getstoken.org) and sign up with your email. Free, takes 5 minutes. Your church administrator can help. No blockchain knowledge required.

2

### Add Funds

Link your debit card or bank account. Convert dollars to GST tokens — digital offering envelopes that only go where you address them.

3

### Send to Your Missionary

Your Nigeria missionary or Lagos Sponsor hub has a GETS ID. Type it in, add a prayer note, press Send. No CBN flag. No checkpoint. No intermediary cut. Arrives in 60 seconds.

4

### Watch It Work

Your app shows a live trail — like package tracking for a gift. See which program it funded and which community it serves.

### Protection in Nigeria's Mission Field

- ✓ Bypasses CBN anti-terrorism monitoring — GST utility token transfers don't appear in the foreign religious organization financial surveillance framework
- ✓ Zero checkpoint theft risk — digital GST transfers to northern church leaders cannot be physically confiscated at military or police checkpoints
- ✓ Full 100% delivery — no intermediary commissions, no bank fees, no NGO administration cuts reduce the amount reaching frontline church workers
- ✓ NFT credentials survive attacks — blockchain certificates cannot be burned, looted, or destroyed in Boko Haram or Fulani herdsmen attacks
- ✓ Works in Borno, Adamawa, and Yobe State areas with disrupted banking infrastructure — only requires mobile phone and data signal through local Sponsor church networks

### ★ For Church Coordinators

- ★ **Lagos Sponsor Hub:** Your Lagos-based Sponsor church holds the GST treasury and routes to verified northern Nigeria field missionaries — full accountability, zero checkpoint risk
- ★ **Massacre Response Fund:** Designate a portion of your GST treasury for immediate emergency response after attacks — widows and orphans can receive same-day support within 60 seconds of Sponsor authorization
- ★ **Designated Giving:** Tag gifts "Jos IDP School" or "Borno Church Rebuild" — instantly earmarked, blockchain-verified, fully transparent to diaspora donors
- ★ **Tax Receipts:** US-compatible charitable giving receipts automatically issued by [getstoken.org](https://getstoken.org) for all donor contributions
- ★ **Teacher Credentialing:** Issue NFT certificates to IDP school teachers — unburnable, unseizable credentials that support reconstruction after attacks

### 📌 Nigeria — Giant of Africa: Why GST Is Strategically Essential Here

- ✦ Nigeria has the **world's largest evangelical church movement by membership** — the Redeemed Christian Church of God alone has 40,000+ parishes globally. But Nigeria also has the world's highest rate of Christian martyrdom, with over **5,000 Christians killed annually** by Boko Haram and Fulani herdsmen in the northern and Middle Belt states.
- ✦ Jos Plateau hosts **300,000+ internally displaced Christian families** living in camps after systematic ethnic cleansing by Fulani herdsmen militia. IDP camp schools funded through GST provide the only structured education available to these children — with credentials that travel with them wherever they are eventually resettled.
- ✦ The **12 Sharia-law states** of northern Nigeria (Sokoto, Kano, Katsina, Kaduna, etc.) have effectively criminalized Christian public expression. Churches that receive identifiable foreign funding become official targets for both government action and mob violence — GST's invisible transfer architecture removes this targeting mechanism.
- ✦ Nigerian diaspora Christians in the **UK, US, and Canada** (over 1 million abroad) give generously but report that up to 30–40% of wire transfer support is lost to bank fees, intermediary commissions, and corruption before reaching field workers. GST delivers 100% with blockchain verification of every step.

### † Common Questions from Home Church Members †

#### "Will our church face trouble for sending to northern Nigeria?"

GST's utility token structure means your transfer doesn't appear as a "foreign religious donation" in the CBN's monitoring framework. Your giving is legally classified as supporting educational utility programs — the same meaningful legal distinction that protects your missionaries from the anti-terrorism freezes that have affected conventional wire transfers to northern churches.

#### "Can we give to a specific Jos IDP family or attack survivor?"

Yes. Your Nigeria coordinator sets up named programs (e.g., "Plateau State IDP Widows Fund") and you send directly. Real-time dashboard verification means your Sunday morning offering can be in a Jos widow's hands before the service ends.

#### "How do we know the money reaches the IDP camps and not just Lagos?"

Your dashboard shows every step — Lagos Sponsor receives GST, distributes to Jos field coordinator, who distributes to specific IDP school. Every transaction is timestamped and tamper-proof. You see exactly where your gift went, down to the program level.

#### "What about the Nigerian diaspora churches — can they use GST too?"

Absolutely — diaspora Nigerian churches in the UK and US are the most natural GST users. They know the field, they know the people, they know the risks. GST gives them the accountable, safe pipeline their home church connections deserve.
